Dear Ms. Born, Chair, and Members of the CRA:

For all the reasons listed by the 303 3rd St. homeowners, who've been involved in this project for so long:

- 1) I hope the CRA will retain the home-ownership option in the zoning amendment for this development so as to create more stability in and encourage commitment to the neighborhood.
- 2) I hope the CRA will also provide the option for retailers to purchase own their spaces as condominium units..

Sincerely,

Carol O'Hare
