99 Bishop Allen Drive Renovation Project

C CARING FOR
 WOMEN'S COMMUNITY
 DEVELOPMENT

At the end of 2019, a 10-story building at 99 Bishop Allen Drive was scheduled for renovation. The building is a historic structure that has been converted into a residential building. The renovation project is a multi-phase process that will involve the demolition of the existing structure and the construction of a new, modern building. The project is expected to be completed by the end of 2021.
